RE: Letter dtd 11/6/02 July Quarterly

Sorry this took so long. I tried to send it beginning of last week but FecFile broke down and I had to send the data to FecFile tech support, just got it back from a rebuild.

I tried to send my response yesterday but for some reason it kept giving me some kind of error.

Please be advised that we do clearly request employer/occupation on our contribution solicitations. When the contributors do not provide us with this information we do send a specific request letter. We continue to send these request letters everytime we receive a contribution from the same individual. We perform all best efforts but since we are a free country and they personally are not required to provide us with this information then we have done all that we can to obtain the employer/occupation information.

As to the second request, please be advised that we own our building and have a separate building trust fund from which our mortgage principal and interest are paid from. All other major building improvements are also paid from this account. All other expenses such as utilities and office supplies are disclosed on our campaign finance reports.
